About Tanzeel

Tanzeel was established in 2007 by concerned parents in Tower Hamlets. We wanted an afterschool class specialising in delivering high quality Tajweed and Hifdh blended with Islamic studies.

We wanted a syllabus that would address issues facing the younger generation living in the West while at the same time focusing in nurturing the Islamic characteristics and morals within our children.

About this book

This book is a summary of key beliefs and supplications selected with the aim to ingrain in the reader that Islam is a complete way of life and we have to remember Allah in every single action that we do.

Islam is not a religion in the strict definition of the word unlike other secular religions like Judaism and Christianity. It governs all three relationship that is needed to live our lives from the cradle to the grave. It encompasses Akhlaq (morals), Ibadaat (our relationship with our creator), and muamalaat, relationship with our fellow human beings whether they are our parents, the local shop keeper, the enemy soldier or an oppressive government.
