Syllabus

Syllabus

The syllabus provided is a guide and is subject to change at the discretion of the head teacher. It will be revised regularly following feedback from our teachers. Students are taught taking into account their own individual abilities.

Length at each level

Each Level takes approximately 1 year to complete.

Students have different abilities and strengths. They may not be at the same level in all subjects.

Some students may take longer than a year – up to eighteen months to complete a level. A lot is factored on time spent on homework and classwork.

Homework

We recommend at least 10 minutes a day at home for all our students. All students at level 3 should read at least one page of their Qur'an before going to bed daily as part of their personal worship and working towards their own Khatmul Quran.
